info@eurocor.de · eurocor.de

Eurocor is a rapidly growing European Life Sciences Technology Corporation specializing in the research, development and manufacture of cardiovascular and endovascular products. Eurocor provides interventional physicians with innovative coronary stent technologies and special cardiovascular and endovascular devices, manufactured in Europe. Products are indicated for minimally invasive cardiovascular and peripheral interventions and comply with biological and biomechanical principles to offer highly flexible, adaptable solutions. Extensive research and development, close clinician collaboration, outstanding quality standard philosophy and global scientific alliances lead to optimization of clinically effective technologies.

Eurocor has designed an innovative method for balloon catheter drug delivery with high patient compliance.

**Peripheral solutions – One step ahead** – with innovative products such as **FREWAY™** and **JOKER®**.
