

Press Release

Eurocor GmbH to be present at the 18th SOLACI Congress in Mexico City

- **Visit Eurocor exhibition stand 4A at Salon Terrazas, Level 6a**

Bonn, Germany – August 8, 2012 – Eurocor GmbH will be present at the 18th Congress of the Latin American Society of Interventional Cardiology (SOLACI). The Eurocor booth number is 4A at Salon Terrazas, Level 6a. The Congress will take place from August 8 – 10, 2012 at the Camino Real Polanco Hotel in Mexico City. SOLACI Congress is an educational meeting in Latin America, specializing in interventional cardiovascular medicine. Eurocor, a European Medical Device Company (Germany) will present its product portfolio at the congress. Beside stents and catheter systems, Eurocor is specialized in drug-eluting balloons (DEB) and has designed an innovative method for balloon catheter drug delivery with high patient compliance. Eurocor offers in its product range the CE certified drug-eluting balloons DIOR® and FREEWAY™.

The Company:

Eurocor is a European Life Sciences Technology Corporation specializing in the research, development and manufacture of cardiovascular and endovascular products. Eurocor provides interventional physicians with innovative coronary stent technologies and special cardiovascular and endovascular devices, manufactured in Europe. Products are indicated for minimally invasive cardiovascular and peripheral surgery and comply with biological and biomechanical principles to offer highly flexible, adaptable solutions. Research and development, close clinician collaboration, quality standard philosophy and global scientific alliances lead to optimization of clinically effective technologies. Eurocor has designed an innovative method for balloon catheter drug delivery with high patient compliance. One heartbeat ahead® – with innovative products such as DIOR® and FREEWAY™.

Eurocor GmbH is a wholly owned subsidiary of Opto Eurocor Healthcare Limited and is part of the Opto Circuits Group.
